Retraction: Rapamycin-loaded nanoparticles for inhibition of neointimal hyperplasia in experimental vein grafts

Junjie Zou¹, Xiwei Zhang¹, Hongyu Yang¹, Yi Zhu², Hao Ma¹ and Shui Wang^{2*}

Retraction

This article [Zou et al., *Journal of Cardiothoracic Surgery* 2011, 6:69] has been retracted at the request of the Editor [1]. Although the authors withdrew their submission the article was subsequently transmitted to the journal's production department, which resulted in it being published in error.

Author details

¹Department of General Surgery, the First Affiliated Hospital of Nanjing Medical University, Nanjing, Jiangsu province, China. ²Division of Vascular Surgery, Department of General Surgery, the First Affiliated Hospital of Nanjing Medical University, Nanjing, Jiangsu province, China.

Received: 5 March 2012 Accepted: 6 March 2012

Published: 6 March 2012

Submit your next manuscript to BioMed Central
and take full advantage of:

- Convenient online submission
- Thorough peer review
- No space constraints or color figure charges
- Immediate publication on acceptance
- Inclusion in PubMed, CAS, Scopus and Google Scholar
- Research which is freely available for redistribution
